The Canadian Creative Arts in Health, Training and Education Journal CCAHTE Offers Unique Opportunities to Reach a Qualified and Highly Educated Market

[Press Release](#)

CCAHTE Journal Business, December 2008

The publisher of The Canadian Creative Arts in Health, Training and Education Journal (CCAHTE) would like to report that beginning January 09, CCAHTE will be offering new promotional opportunities for organizations and individuals who would like to advertise or promote their books, resources, products, services and programmes.

The Canadian Creative Arts in Health, Training and Education Journal recently announced that beginning in 2009, the peer reviewed journal will be accessible to researchers, educators and students in over 15,000 libraries in 60 countries around the world. All articles accessed worldwide will have links back to the website where readers can access full articles and back issues, follow up info. about research articles, profiles etc. as well as visit the academic marketplace where important information and links about products, books and services will be provided.

The journal is also accessed by a "by request" subscriber base including physicians, psychiatrists, social scientists, researchers, academics, nurse educators, activists, dramatists, visual artists, music and dance therapists, professional musicians, teachers, adult educators, social workers, mental health professionals, counselors, chaplains, therapists, as well as schools of education, colleges, leading medical schools, hospitals and health organizations in Canada the U.S. and internationally.

CCAHTE Website, Network email and BLOG advertising opportunities available. Inquiries about web advertising and rates can be sent to ccahte@cmclean.com
